立足台灣 躍馬中原 傲視寰宇

Talented employees have been major assets of Hamburg. In addition to recruiting talented professionals, Hamburg also continuously motivates its employees to exert their utmost efforts in all aspects. Everyone in Hamburg has demonstrated his/her commitment to technology leadership, manufacturing excellence, and global vision. Clearly, our determination to invest in people from a long-term perspective has strengthened Hamburg' s resilience in competitive environment.

技術第一 效率至上 專業掛帥 領導品牌

Our progress and performance in the past years is the convincing proof that Hamburg is technologically competitive worldwide. To keep such core strengths and competences abreast of times, every effort has been taken to build up our global competitiveness. To maintain such mobility as one of the leading manufacturers worldwide, it is crucial that we consistently develop innovative products and techniques. In-house vertical integration plays another key factor that distinguishes Hamburg from rivals. Another factor that makes Hamburg the leading brand is the willingness to invest in quality. As a measure of our excellence, Hamburg has been ISO 9001, 14001, 18001, IECQ QC080000 certificated.
